## **Ein erster Eindruck**

**In the heart of the Cycladic beauty of the Aegean, on the island of Paros, nestled within an elegant complex of three residences, lies the under-construction Villa SOLARA, spanning 103 sq.m., thoughtfully built in harmony with the island's natural landscape and radiant light.**

**Bathed in sunlight and offering unobstructed views of the endless blue sea, this residence features three bedrooms (two of which are master suites), three bathrooms, and bright open-plan living areas that exude warmth and refined simplicity. Its minimalist architecture blends seamlessly with the authentic Cycladic aesthetic, incorporating high-quality materials, energy-efficient wooden frames, solar water heater, insect screens, and a security system.**

**Outdoors, a private swimming pool promises moments of pure relaxation, while direct access to the road ensures everyday practicality and ease. Just a breath away from the beach and oriented to the southeast, the villa becomes a natural extension of the landscape—filling life with light, energy, and freedom.**
