A first impression

This well-kept attic flat is located in an apartment block built in 1938. The property was last modernised in 1992, when the attic was extensively converted. With a living space of approx. 61 m² on the fifth floor, this flat offers a functional and well thought-out floor plan. The flat comprises a total of two rooms and its layout is ideal for singles or couples. Large windows let in plenty of natural light and create a friendly living atmosphere. Upon entering the flat, an open-plan hallway leads to the various rooms. The spacious living room is the central area of the flat and invites you to relax and enjoy cosy evenings and offers enough space for a comfortable living area and a dining area. From here, you can access the beautiful, secluded balcony with an ideal south-west orientation. The bedroom offers enough space for a double bed and also has a built-in wardrobe. The open-plan kitchen area with fitted kitchen offers ample space for preparing a meal. The bathroom is equipped with a window and a washing machine connection and is in a well-kept condition. It also offers enough space for bathroom furniture or storage. Underfloor heating ensures an even and comfortable flow of heat throughout the flat, while modernised windows help to reduce energy costs. High-pile carpet has been laid in the living areas. Particularly practical is the additional storage room in the attic as well as a small storage room, which offers you extra storage space to store various items neatly without affecting the living space. The flat is in a well-kept condition and is therefore ready for immediate occupancy. Potential buyers still have the opportunity to personalise the flat with small adjustments and updates. This property is ideal for prospective buyers looking for a cosy home in an established residential environment. The top-floor location ensures plenty of light and a pleasant living atmosphere. Thanks to the excellent infrastructure, all the amenities of daily life are within easy reach, both shops for everyday needs and public transport. To summarise, this top floor flat offers a well-kept and spacious living space that is characterised by its well thought-out room layout and attractive heating system. It is of interest to both owner-occupiers and investors who value a good location and solid construction quality. The location of the flat is particularly attractive as it is situated in an urban environment. Shopping facilities, schools and public transport are all within walking distance. The connection to the city centre is also very good. A garage space can be rented within walking distance, approx. 150 metres away, by arrangement. Please do not hesitate to contact us at any time for viewings or further information. See this property for yourself on site and make an appointment. We look forward to hearing from you.
