## **A first impression**

This charming semi-detached house, built in 1930, offers approximately 163.6 m<sup>2</sup> of living space on a plot of approximately 326 m<sup>2</sup>, providing ample room for families and couples who appreciate stylish living. With a total of five rooms, the property boasts a well-designed layout that combines spaciousness with functionality. The ground floor features an inviting entrance hall, two rooms with floor-to-ceiling windows, and a WC. Also located on this floor are a pantry, a utility room, and a storage room. A curved, historic wooden staircase leads to the upper floor, which houses the approximately 45 m<sup>2</sup> living and dining area and a kitchen with fitted units. Here, the high-quality finishes create a pleasant living environment. The open-plan layout offers various design possibilities and lends the house a warm and welcoming atmosphere. A loggia, providing sheltered seating even on less-than-ideal days, completes this level. A highlight of the house is the second floor, which houses the comfortable bedrooms and the bathroom. The bathroom is modern and features a bathtub and separate shower, providing a relaxing start to the day or a tranquil end to the day. The bedrooms are generously sized and offer ample space for individual furnishing ideas. An additional, smaller room is ideal as a home office or creative space and completes the living area on the second floor. The house underwent extensive modernization in 2015, which is evident throughout the entire building. The garden invites you to relax and enjoy the outdoors. Here you can create a terrace, perfect for summer barbecues. Garden enthusiasts will also find plenty of space for creative planting. In addition to the attractive interior and exterior spaces, the property also boasts a convenient location. You'll benefit from excellent public transport connections and have shops, schools, and other amenities for daily needs in the immediate vicinity. In short, this semi-detached house, dating back to 1930, offers a successful blend of historical charm and contemporary living comfort. The modernization work carried out in 2015 has ensured that the house meets today's technical standards without losing the character of the original building. Those looking for a stylish home suitable for both families and couples will find this property an attractive option.
