A first impression

Townhouse with exclusive features and state-of-the-art technology. This exclusive townhouse offers everything your heart desires on approximately 250 m² of living space and a generous plot of approximately 1340 m². Built in 1924, the property was completely modernized in 2018 and presents itself in a first-class, modernized condition. All aspects of a comprehensive renovation were addressed, including the replacement of windows, the roof, and an extension. The high-quality fixtures and fittings promise a comfortable living experience. The house has a total of six rooms, including four spacious bedrooms and four stylishly appointed bathrooms. Underfloor heating provides pleasant warmth in all rooms and underscores the modern living comfort. The fitted kitchen is equipped with high-end Miele appliances, including a range, a steam oven, and a wine refrigerator, and its kitchen island offers ample space for culinary creations. A particular highlight is the freestanding designer bathtub by Victoria+Albert, which adds a special touch to one of the bathrooms. High-quality, custom-made features such as all-glass doors contribute to the exclusive ambiance. A fireplace invites you to cozy evenings during the cooler months, while the Busch-Jaeger smart home system with its BUS system provides flexible control of lighting, heating, and security. The outdoor area is every bit as impressive as the interior. The 8x4 meter pool with a salt electrolysis system, counter-current system, and water feature offers refreshment and relaxation. An electric pool cover ensures safety. A pool house provides added comfort, and a heat pump efficiently heats the water. The lovingly landscaped garden with a greenhouse, barbecue area, and private well invites you to linger and offers a variety of design possibilities. Additional features include a central vacuum system on each floor and a laundry chute, simplifying everyday life. Patio heaters and electronic sunshades extend the living space outdoors in any weather. Aluminum exterior blinds provide protection and privacy. The roof tiles and zinc cladding on the dormers also attest to the high construction quality. If you're looking for a house that combines modern amenities with tasteful architecture, then this detached house offers the ideal setting. Arrange a viewing appointment and see for yourself the quality and comfort of this property.
