## A first impression

It is in the centre of the city of Dudelange that the Luxembourg promoter of Belgian origin "Antonissen" decided to carry out this project of construction and restoration of a partially protected building (front façade).

Formerly a hotel and a restaurant, this historic building will now house 10 luxury apartments and a commercial ground floor (offices).

Combining the charm of the original building as well as the modernity of today's technology, this residence will have the main advantage of offering a unique living space to its residents.

Its central location, within a town rich in infrastructure, will be even more practical for all your trips. The city centre is 200 m away and the train station is 500 m from the residence.

Apartment 1.01, on the 1st floor of the residence, is made of an entrance hall with separate toilet, a large living room with open kitchen, a storage room, 2 bedrooms, a bathroom and a terrace.

The energy class B/B/B results from maintaining the original facade of the building. The apartments will nevertheless be equipped with modern technical elements present in all new constructions such as triple glazing frames with electric shutters, floor heating, CMV, etc.

The prices are understood to include the super-reduced housing VAT rate of 3% within the limit of the maximum amount available and subject to the acceptance of the purchaser's file by the administration.

It is possible to acquire an indoor parking space at the price of 38,000 € excluding VAT.
