A first impression

It is in the center of the city of Dudelange that the Luxembourg promoter of Belgian origin "Antonissen" decided to carry out this project of construction and restoration of a partially protected building. Formerly a hotel and a restaurant, this historic building will now house 10 luxury apartments and a commercial ground floor (offices). Combining the charm of the original building as well as the modernity of the current equipment, this residence will have the main advantage of offering a unique living space to its residents. The central location, within a town rich in infrastructure, will be all the more practical for all your trips. The city center is 200 m away and the train station is 500 m from the residence.

Apartment 402, located on the 4th and last floor, consists of an entrance hall with cloakroom and guest toilet leading to a large living room with space for the open kitchen and terrace of 18 m². The sleeping area consists of 2 bedrooms and a bathroom with window. The many windows of the apartment will bring it a generous luminosity throughout the day. The energy class B/B/B results from maintaining the original facade of the building. The apartments will nevertheless be equipped with modern elements present in all new constructions such as triple glazing frames with electric shutters, underfloor heating, VMC, etc. The prices are understood to include the super-reduced housing VAT rate of 3% within the limit of the maximum amount available and subject to the acceptance of the purchaser's file by the administration. It is possible to acquire an indoor parking space at the price of 38,000 € excluding VAT.
