A first impression

This charming apartment is located on the second floor in a very desirable location. The entrance hall leads to the kitchen. From there, you enter the living room, which offers space for a comfortable seating area and a dining area. The living room opens onto an east-facing balcony. Currently, the bedroom is accessible from the living room and has a small alcove that could be used as a walk-in closet. The bathroom is accessible from both the walk-in closet and the living room. The windows are triple-glazed, and the parquet floors can be sanded. There is no gas connection in the apartment; heating and cooking are done electrically. The apartment has just been freshly painted and cleared out. There is the option of moving the kitchen into the living room, creating a third room. The door from the living room to the bathroom can be closed off. Alternatively, the door from the living room to the bedroom could be closed off, and access to the bedroom via the bathroom. A highlight is the large, shared garden located at the rear of the building. Here you can even place a deck chair and relax perfectly! If you're looking for a small apartment with a good layout, some design options, and outdoor space in a perfect location, then you'll be happy here! Please call me to arrange a viewing!
