Property ID: 202234400054 - 1190 Wien

A first impression

Located in the idyllic Hackenberg allotment garden association, this property features a two-story house. Accessible by car, the grounds offer ample space for all kinds of activities, as well as the opportunity to relax or spend enjoyable hours outdoors with family and friends. The lower level comprises a kitchen, a bathroom with a shower, and a living room with access to the terrace and garden. The living room has space for a dining table and a small seating area. The first floor features a large bedroom and a balcony with a beautiful panoramic view. The house is habitable year-round, and the property is privately owned. Currently, there is no heating system, and the house is not insulated. A sewer connection and a gas connection are available. From the terrace in front of the living room, you can access the well-maintained garden with trees and attractive flowers. A garden shed at the rear of the garden provides storage for gardening tools. The house currently offers approximately 50 square meters of living space. According to the Vienna Allotment Garden Act, 20% of the area can be built upon, with a maximum building height of 5.5 meters. Construction on two levels is permitted: a basement of approximately 50 square meters, and a ground floor and first floor, each with 39 square meters. Any planned construction should be discussed with an architect of your choice. Von Poll assumes no liability for the accuracy of the building specifications. A relaxing oasis in a fantastic location, perfect for year-round use and ownership!
