A first impression

A villa designed for those who wish to combine spacious living, independence, and a pleasant family atmosphere within a quiet and well-maintained residential setting.

The property is surrounded by a private garden, neatly landscaped and protected by hedges, which leads to the entrance and offers a secluded outdoor space to enjoy during the warmer months. The home is spread over several levels, with a logical layout that clearly distinguishes the areas dedicated to socializing, relaxation, and utility spaces.

The main floor features a spacious and bright living room, characterized by elegant marble flooring and large windows opening onto the outdoors. The living area flows into the kitchen, which is already furnished and well-organized, with enough space to accommodate a dining table as well. The wood finishes, found in the windows and custom-made elements, lend the rooms a warm and cohesive feel.

The upper floor houses the sleeping area, consisting of several good-sized bedrooms, some equipped with built-in closets and access to the balcony. The hardwood floors help create a cozy atmosphere. Two bathrooms with windows complete this level, one of which features a corner whirlpool tub.

The basement adds further value: a large living room with a fireplace, kitchen, and dining area offers the ideal space for entertaining guests, hosting gatherings, or creating a multifunctional space. On the same level are additional utility rooms and a spacious garage, large enough for multiple cars and also suitable for use as storage space.

Solidly built and featuring a complete layout, this villa is an attractive option for families seeking comfort, privacy, and versatile living spaces in a residential area conveniently located near major amenities and transportation links.
