A first impression

Rare and fascinating Town-House inside the historical village of Brendola Alta. In a wonderful place with breathtaking views over vineyards and fields, the house is at the center of the small medieval village perched on the hill of Brendola, on top of which dominates the castle.

This house, object of a wise and recent renovation, is disposed on more levels that exploit the trend of the slopes of the hill on which the village is located. The house starts on the ground floor and each floor reveals a new elevated viewpoint more and more surprising on the valley, the fields of vines and terracotta roofs. Entrance with large dining room and kitchen. On the first floor living room and relax area. On the second floor two large attic rooms. Complete the equipment of an exclusive house, two bathrooms and a multi-purpose laundry room.

The house is finished with the best materials typical of the old Venetian villas, such as the precious Venetian marble floor, the stairs in white stone of Vicenza and the Venetian plaster, an ancient masonry technique.

The living room and the bedrooms have a warm wooden floor and original ancient stone walls. Air conditioning in both bedrooms.

In the private garden with terrace shaded in summer by a fragrant vine, there is a table for dining, and deck chairs for relaxing.
