The sleeping area consists of two spacious and bright double bedrooms, accompanied by a study that can be used as a small bedroom, smart working area or wardrobe room. The two bathrooms, both windowed and recently renovated, offer one with a shower and the other with a bathtub, ensuring practicality and comfort.

The property is completed by a single garage on the ground floor and quality finishes such as wooden floors, double-glazed windows and air conditioning system. All about the location

The apartment is located on a side street within a well-served residential neighborhood that is particularly appreciated for its tranquility and strategic location within the city of Vicenza. The context is characterized by a good presence of urban greenery, making it ideal for those seeking a quiet and safe environment without sacrificing the convenience of services.

The area is well connected to both the historic center and the main arteries out of the city, with bus stops within walking distance and a smooth traffic flow even during rush hours. Within a short distance are supermarkets, schools, sports facilities, and small neighborhood stores that make everyday life easier.

Particularly relevant, especially for U.S. Clients, is the proximity to military bases: Caserma Ederle can be reached in about 7 minutes by car, while Caserma Del Din is just 10 minutes away, an aspect that makes Via Imperiali one of the favorite areas for those working inside NATO or U.S. Army installations present in Vicenza.

An excellent compromise between privacy, convenience and proximity to the city's main infrastructure.
