A first impression

A unique real estate opportunity in the charming town of Pianezze, nestled in the rolling hills and within walking distance of the famous walled city of Marostica. The property, which covers 20,000 square meters of agricultural land with 400 olive trees, offers a breathtaking view and an environment of rare beauty, ideal for those who wish to live or invest in a genuine context rich in history.

The property consists of three separate units, each with different characteristics and destinations. The first unit, recently built, is designed for receptive activity and offers modern and functional spaces. The rooms are designed to ensure maximum comfort for guests: a large panoramic terrace allows guests to enjoy the view, while the bright dining room and professional kitchen, flanked by specific guest services and well-organized storage rooms, complete a structure that covers 442 cadastral square meters.

Rounding out the offerings are two additional units that form a single building, albeit built in different eras, underscoring its historical charm and architectural evolution. The first, dating back to the 1960s, accommodates on the ground floor an entrance hall, a kitchen, a living room, a bathroom accompanied by an ante-bathroom and a cellar; on the second floor are the bedrooms, while the third floor houses a spacious attic, for a total area of 239 cadastral square meters. The second unit, intended for residential use, is articulated with a functional distribution: on the ground floor we find a kitchen, a bathroom, a living room and the heating plant, while on the first floor we identify two bedrooms, an additional bathroom and a storage room, complemented by a large attic at the third floor, for a total area of 182 cadastral square meters.

This property, which combines modernity and tradition, represents a unique opportunity for those who wish to invest in a valuable property, immersed in a natural and agricultural context without sacrificing the proximity to an attractive historic center.
