A first impression

A fantastic construction project near Pollensa in La Font, with a wonderful sea view to Pollensa Bay, the village and the Tramuntana Mountains. These are two 1,677 m² of land on which the excavation has already been carried out and the construction of the villa can begin immediately. The plans for each house offer a living area of 446 m², five bedrooms with bathrooms end-suite, an open living / dining area, fitted kitchen, double garage, lift for both floors, floor heating, air conditioning a 14 x 4 m large pool with sun terraces and garden. The building project, which is to be equipped with modern and high-quality building materials, can also be designed according to your own ideas. These two properties in the north of Mallorca have an interesting location, not far from the sea and just minutes to the village of Pollensa. A very recommendable construction project!
