A first impression

Beautiful plot of about 14.000m² with the old project to build a large house with pool near Muro. Thanks to its good location it offers magnificent views of the Tramuntana mountains and the bay of Alcudia. The house will have two floors, six bedrooms, three bathrooms, living room with fireplace, large open kitchen, dining room, dressing room, laundry and toilet. Outside there will be a large garden with swimming pool and solarium area. There will also be a large basement that will house a machine room, storage room, gym with sauna and cinema room. The house is planned with underfloor heating, ventilation and air conditioning. The property has a cistern for fresh water and rainwater. It is planned to install a photovoltaic system and a three-chamber septic tank for self-supply.
