A first impression

Well-preserved and attractive house located in the center of Búger, on a very quiet street.

This is a charming three-storey traditional house with a wide façade, renovated and extended in 1973. The ground floor, with approximately 80 m², features a small 10 m² gallery that leads to the entrance hall, living-dining room, separate kitchen with pantry (with the possibility of opening it to the dining area), a bedroom currently used as a sitting room, a bathroom, and the kitchen area. This floor also preserves the original rainwater cistern, formerly used for water collection.

The first floor, also around 80 m², offers three bedrooms, two of them doubles, and a full bathroom.

The second floor comprises a spacious room of approximately 40 m², currently used as storage, with the potential to create an outdoor space from which spectacular views can be enjoyed, as well as a terrace of about 20 m².

The property benefits from a new and upgraded electrical installation, and the roof and gallery skylight have been recently renovated. The structure is in very good condition.

A property full of potential: ready to move into, update, or renovate to make the most of all its possibilities.

All about the location

Búger is the smallest municipality in Mallorca, a charming village that preserves its rural character both in the town center and its surroundings.

Located in the northeast of the island, it occupies a privileged position in Mallorca's geography: well connected, set on a hill close to the Tramuntana mountain range, between Campanet and Sa Pobla, and just a short distance from the bays of Alcúdia and Pollensa.
