## A first impression

Charming finca with small residence and former equestrian facilities

The property is located in a popular area with a rural character and good connections to the regional road network. The nearest town, Lluçmajor, which offers all essential services for daily life, is just a few minutes' drive away.

This beautiful finca of approximately 30,000 m<sup>2</sup> is only a 5-minute walk from the Son Antem golf course.

The small residence features 2 bedrooms, 2 bathrooms, a living room, and a kitchen with a closed fireplace, as well as a large covered terrace.

Electricity is supplied via a state-of-the-art photovoltaic system with battery storage.

Water is provided by several large underground cisterns with a total capacity of approximately 400 tonnes. The construction of a well is possible, and the permit is currently being processed.

The house is in good condition and ready for immediate occupancy after minor repairs.

The former equestrian facilities can be renovated if desired. There is space for approximately 6 stalls in total. Additionally, there is a lunging arena with a sand surface and a large paddock.

The extensive flat land offers numerous possibilities for agricultural use, such as an olive grove or even vineyard cultivation.

It is also possible to build a new finca with a pool (35 m<sup>2</sup>) of approximately 500 m<sup>2</sup> / 1500 m<sup>3</sup>, although in that case, the current house could no longer be used as a residence.

A fantastic investment with the possibility of immediate residential use, as well as the opportunity to establish a small equestrian center.

We are at your disposal for any questions or to arrange a viewing.
