## **A first impression**

If you are looking for a property with spaciousness, great potential and an excellent location in Puerto de Alcudia, this villa represents an exceptional opportunity. Located in the north area and a few steps from the beach, it offers multiple possibilities both as a permanent residence, second home or investment, thanks to its tourist license for 8 people.

Built in 1984, the house is distributed on two floors and has approximately 185 m<sup>2</sup> of living space on a plot of 478 m<sup>2</sup>. The upper floor houses a bright apartment with 4 bedrooms, 2 bathrooms, large living room, kitchen and a large terrace with barbecue area and nice views. In addition, it has a holiday license for 8 people, ideal for additional income.

On the first floor there is a spacious garage that has been converted into an independent dwelling with 2 bedrooms, 1 bathroom, living room and kitchen. A perfect option for owners who wish to reside in the property while renting the upper floor.

The outdoor area offers ample space to enjoy the Mediterranean climate, with terrace, barbecue area and a cistern with potential to become an attractive swimming pool. The property also has a fireplace, balcony and different outdoor corners that provide comfort and connection with the environment.

Although the house requires updating, that is precisely where much of its appeal lies: the possibility of reforming and customizing it completely to your liking.

A property with character, space and enormous possibilities in one of the most sought after areas in the north of Mallorca. Ideal for those looking for a property with potential close to the sea.
