A first impression

TWO NEWLY BUILT villas next to each other in the II/A district are for sale. The two houses have a unified style, but are completely separate legally and architecturally. One house is completely finished, already furnished, the construction of the other is about 40% complete, so we have a GREAT opportunity to see what the house under construction will look like not only on the visual plan, but also in reality. The quality of the construction is thus guaranteed. The useful floor area of the building is also about 450 sqm with the associated terraces. The real speciality of the house is the ROOF LEVEL with a roof garden of about 280 sqm. Since the house is built on a hillside, we can enjoy a panorama from every level. Cinema room, party room, wellness, study. We can get from one level of the house to the other by elevator, which gives a real penthouse experience. The house under construction is structurally ready. Finishing and customizing the interior to the new owner's taste can be done according to their needs. For information on technical completion, please contact us with confidence.
