A first impression

More than home - lifestyle on the Danube

Now you have the opportunity to live in one of Budapest's most exclusive residential projects, right on the banks of the Danube, in the heart of the Millennium City Centre. The 141 m², four-room penthouse apartment for sale represents modern urban luxury. The spacious, bright interiors provide a comfortable and livable environment. The exclusive 63 m² terrace is the ideal place for relaxation and outdoor activities. The apartment and the terrace offer a beautiful panoramic view of the Danube and the Buda side.

The apartment is equipped with a heat-pump cooling-heating system, which is energy-saving, environmentally friendly and ensures comfortable temperatures all year round. Sustainability and livable spaces were important considerations in the design of this premium quality, elevator building. Green communal areas, practical use of space, movable walls and usable communal spaces are all designed for the comfort of the residents. A contemporary look, modern technology and hotel-quality services are combined in a coherent and elegant concept.

The building's rooftop terrace features a 38-metre glass-walled pool and an exclusive Sky Bar with stunning views. Additional services - spa, wellness and fitness centre, restaurant, café, housekeeping, concierge and 24-hour security - are available for your daily comfort.

Parking space for one car.4

Location with excellent transport links. There are several bus and tram stops nearby, providing quick and direct connections to the city centre and the main hubs of the city. By car, the surrounding main roads are easily accessible and parking is possible in the area. There is also a cycle path nearby, making the area easily accessible by bike.
