## A first impression

In one of the most popular green belt areas of the 2nd district, in Rézmál, we offer for sale exclusive homes in a condominium building with only 8 apartments and a lift.

Located on the second floor, the 105 m<sup>2</sup> apartment will feature an American kitchen-living room, three bedrooms and two bathrooms. The apartment is connected to a pleasant 10 m<sup>2</sup> terrace, which provides an ideal space to relax and recharge your batteries.

The interior is fully adapted to the needs of the future owner. In addition to the main walls and plumbing, the layout of the rooms, the installation of windows and doors, tiling, sanitary fittings, mechanical and electrical installations can be freely adapted, so that every detail reflects the individual lifestyle and ideas. The architect will provide personal consultations to help you design your ideal home, and will also provide the services of a professional interior designer if required, to ensure the perfect result.

Thanks to its central location, the property is an excellent choice for both owner-occupation and investment. The infrastructure of the area is outstanding: the Mammut shopping centre, the Fény utca market, numerous schools, kindergartens and health institutions, as well as the main public transport hubs (metro line 2, tram and bus lines) are quickly and conveniently accessible.

The nearby Millenáris Park, Városmajor and Marcibányi Square offer excellent opportunities for recreation, sports and leisure activities.
