## **A first impression**

**A 51 m<sup>2</sup> two-bedroom apartment on the sixth floor is for sale in one of the classic buildings in Budapest's 5th District, at the corner of Szent István Boulevard and Szemere Street.**

**The property is in good condition but requires cosmetic renovations as needed. It is a 1/1 ownership unit, free of encumbrances, and available for immediate occupancy.**

**One of the property's major advantages is its favorable floor plan, which allows it to be converted into a home with a living room and two bedrooms. A second bedroom can easily be created in the space currently occupied by the separate kitchen, while the living room can be converted into an open-concept living space with an open kitchen. This solution further increases the property's value and, from an investment perspective, its rental potential.**

**The apartment's three windows overlook a quiet inner courtyard, making it bright and well-lit. Heating is provided by a gas boiler, and the property is air-conditioned.**

**Thanks to its excellent location, it is the perfect choice for college students, young couples, or as an investment. The downtown area's numerous services, shops, restaurants, and public transportation connections are just a few minutes' walk away.**

**Asking price: 71.4 million HUF – 210,000 EUR**

**Property ID: HU26439852 - 1055**
