A first impression

Perfect for an exclusive office or private practice: a 206 m² upper-class property with 5 rooms in the Inner 6th District!

Located in one of Budapest's most prestigious downtown areas, the Inner 6th District, we are offering for sale an exceptional 206 m² upper-class apartment with 5 rooms. Due to its location, impressive size, and classic elegance, this property is the perfect choice for a law office, notary public's office, corporate headquarters, private clinic, or exclusive medical practice.

Key Features and Business Benefits

Unparalleled location and prestige: Situated in a bustling, easily accessible part of the 6th District, this property lends a premium image to your business and immediately inspires confidence in your clients and patients.

Ideal layout for medical practices and offices: The 206 m² floor area and 5 spacious rooms allow for the creation of separate treatment rooms, medical offices, consultation rooms, or office workstations. The spacious foyer is perfectly suited for creating a professional reception area and waiting room.

Two bathrooms: An excellent opportunity to completely separate staff restrooms from client/patient restrooms.

Modern comfort and cost-effectiveness: The property, which is in good condition, is heated by a custom gas-fired circulation system. Thanks to the thick walls and good insulation, maintenance costs are extremely low.

Location and Accessibility

The property's greatest asset is its location. It is just a few steps away from Andrásy Avenue, known as both the diplomatic quarter and a cultural hub.

Excellent public transportation: Metro lines, buses, and trolleybuses are right nearby, so employees, clients, and patients can reach you quickly and conveniently from anywhere in the city.

Infrastructure: Premium cafés, restaurants, and parking options (multi-story parking garages) in the surrounding area ensure a seamless daily routine.

Why is this property the key to your business?

Thanks to its grand, spacious rooms, high ceilings, and monumental doors, the property exudes an imposing, elegant atmosphere that a modern office building rarely can provide. The thick walls provide excellent sound insulation, ensuring discretion during meetings or medical examinations.

Thanks to its flexibly configurable interior spaces, the property can easily be adapted to meet even the strictest regulatory requirements (e.g., ANTSZ) necessary for opening medical practices.
