INFINITY BUDAPEST – A RESIDENCE WITH EXCEPTIONAL PANORAMIC VIEWS OVER THE DANUBE!

We are now offering you one of Budapest's most exclusive homes on one of the top floors of INFINITY, featuring unparalleled panoramic views of the Danube and the city's iconic landmarks. The building is one of the capital's few premium residential developments that combines the comfort and privacy of a private home with five-star services.

Created by merging two original apartments, this approximately 216 m² corner residence features a 74 m² panoramic terrace and two garage spaces. Thanks to its exceptional location within the building, the view of Budapest virtually envelops the apartment: the Danube, Buda Castle, and the Chain Bridge all come into view at once, while the panorama extends toward the modern cityscape all the way to the MOL Campus. Thanks to the large glass surfaces, the views of both historic and contemporary Budapest become an integral part of the interior spaces.

The entire interior was designed based on a unique interior design concept. Premium materials, custom built-in elements, designer lighting, and elegant furniture create a harmonious, contemporary atmosphere. The property is being sold fully furnished and ready to move in; the furniture, lighting, and built-in features shown in the photos are included in the purchase price.

The spacious living area features a generous living and dining area, multiple bedrooms and bathrooms, walk-in closets, and two fully equipped kitchens. A unique advantage is that it can be used as a single, prestigious home or as two completely separate apartments.

The smaller section, with its own separate entrance, features its own living room, bedroom, bathroom, separate toilet, and kitchen. It is an ideal solution for older children or adult children, elderly parents, or for families with young children to accommodate a babysitter, ensuring independent living space and sufficient privacy.

Another significant advantage is that the property is legally registered as two separate sub-units, meaning the two residential units can be sold independently of one another if necessary. This layout not only offers exceptional flexibility in terms of lifestyle but also represents significant long-term value.

INFINITY combines a private living environment with the comfort found in the world of

international luxury hotels. Residents have access to 24-hour concierge service and security, an exclusive wellness area and fitness center, as well as the rooftop Sky Bar and panoramic infinity pool.

The 216 m² living space, the 74 m² terrace, two garage spaces, the unique interior design, the flexible dual-apartment layout, the breathtaking panoramic views of the Danube and the city, and the five-star amenities create a combination that is a true rarity even in Budapest's premium real estate market.

An exceptional Budapest residence for those seeking not only a luxury home but also a unique location, a high level of comfort, flexible usability, and a property that will retain its value over the long term.

Private viewings are available by appointment. Further information and pricing are available upon request.
