## A first impression

The business premises

The store has a huge 4 meters-tall glass portal that faces the street front for about 30 meters. Corner property, therefore, is particularly eye-catching for its location.

There are five entrances, thanks to which the sales area can be designed in several ways. The internal height is high: 4.5 meter.

The ground floor is 156 m<sup>2</sup> and the gallery is 50 m<sup>2</sup>

It is currently divided into 2 parts: a 60 m<sup>2</sup> part and a 96 m<sup>2</sup> plus 50 m<sup>2</sup> gallery part.

Quality, exclusive materials were used in the design of the store. The property is regularly maintained and has undergone a professional renovation a year ago.

Central heating and cooling.

The House

The retail space is located on the ground floor of a five-storey premium office building.

There is parking right in front of the store, which is convenient for customers and advantageous for transporting goods.

Garage spaces can be rented in the office building.

Remains of buildings from Roman times were discovered during the construction of the office building. There are Roman relics outside the house and inside some of the business premises.

The area

It is located on the border of the district 2 and 3. Near Zsigmond tér and Kolosy tér, between the busy Bécsi út and Lajos utca. It is in a highly frequented, commercially extremely advantageous environment at the foot of Szemlőhegy.

Excellent public transport: tram 17, 19, 41, train H5, bus services 9, 29, 65, 65A, 109,
