A first impression

For sale a few km from Milan and located 1500 mt from the residential center of Zibido San Giacomo, the "CASCINA COSIGLIO", located on an area of 21,000 m² of agricultural area, for residential, receptive, wellness center, RSA, sports. On the area we currently have about 3,900 m² of covered, of which residential 1,600 m² having a total existing volumetry of 17,900 m³. from the simulations carried out at the municipality, currently we can build on this area 7,000 m². of residential (current existing volumetry , except for possible possibilities to be able to increase this volumetry, according to the projects to be submitted to the municipality of Zibido San Giacomo. The particularity of this area that and in the vicinity of the town center, where we find all services and commercial stores and banks, as well as buses , for the subway in Assago, the bus to the subway in Milan Bisceglie. The area prepares for a renovation of the existing and the building of the missing slp. Further possibility is: the demolition of the existing buildings and the construction of the 7,000 m² currently planned to be built. Currently, the farmhouse consists of 11 buildings, with different purposes, amounting to about 3200 m² is for 15100 m³, plus an additional 5 buildings used as pigsties for about 1,400 m³. = 28.800 m³. The Zibido San Giacomo project places the lot in the B1 zone of recovery of the existing building stock, and the interventions subject to the recovery plan, and agreement, the buildability provided by the master plan is 15,088 m³ for a total of 5,030 m² . Moreover, the municipality has been willing to evaluate the recovery plan according to LR 18/2019C, which provides for an extension of up to 20% of the slp, in interventions with these characteristics and which would bring the SL A 7,000 m². It should be noted that urbanization is already present in the immediate vicinity.

Property ID: IT24294992 - 20058 Zibido San Giacomo – Lombardie

Details of amenities

It should be noted that urbanization is already present in the immediate vicinity.

The municipality also made itself available to evaluate the recovery plan according to LR 18/2019C, which provides for an expansion of up to 20% of the slp, in interventions with these characteristics that would bring the SL A 7,000 m².

In addition, the municipality requests that 10% of the areas be used for activities other than residential, such as receptive, sports, directional and commercial activities

It is also specified that with regard to environmental remediation and asbestos abatement, the municipality has long since identified and surveyed buildings in areas subject to remediation.
