A first impression

In the renowned seaside village of San Michele di Pagana, an exclusive hamlet of Rapallo, we offer for sale a refined detached unit in a coastal location, part of the historic and elegant residential complex "Condominio Rosa dei Venti", located on the ground floor with porch, outdoor spaces and private garden.

The property has been completely renovated externally, with great care and attention to the original historical details.

It is located in a green area protected by the Superintendence, with landscape-environmental constraint within the area called "Portofino Promontory Belvedere on the Ligurian Riviera," in the Gulf of Tigullio and a few steps from the beautiful sea of San Michele di Pagana.

Unique in its kind, surrounded by greenery and tranquility, a short distance from the sea, it has the perfect style of Ligurian houses. From the residential complex the sea can be easily reached on foot in a minute thanks to two pedestrian exits located at the opposite end of the main entrance.

Notably, in the property's garden there is another exclusive access at the end of the common garden driveway; the path leads both to the property's parking space and motorcycle area and to the other two pedestrian accesses to the sea.

The pedestrian exits lead to the paths to the sea, left to the small beach and large beach of "Trelo," and right, after the Church of San Michele di Pagana, to the small beach of "Prelo." The small beaches are equipped with public showers.

Originating as the janitor's dwelling of an elegant historic villa located in the immediate vicinity, it is now a fully independent residence that was carefully renovated in 2023, resulting in an improved energy class, which is currently Class A1.

The apartment is on one level and consists of:

a cozy open space that combines the dining and living area in a bright and convivial environment, with a semi-habitable, functional and well-organized kitchen, three large, well separated double bedrooms, one of which overlooks the garden, and two windowed bathrooms with modern finishes.

Completing the property is a large private garden and porch, perfect for spending relaxing moments outdoors or sharing lunches and dinners with friends, even on rainy days.

The property also has a complementary "cavedium" area, covered by a skylight and used as an indoor technical area with heat pump, washing machine, sink (hot/cold water) and space for hanging laundry as well as shelves and cabinets.

Not to be overlooked are the parking space, owned, and motorcycle spaces, condominium, to make this solution even more convenient.

Access to the condominium is through an elegant vintage wrought-iron driveway door, now remote-controlled, which adds to its prestige.

The property is sold, upon request, fully furnished, ready to be lived in or put into income as a valuable vacation home.

A dwelling where the beauty of nature, history and modern comfort meet, in the heart of the most authentic Liguria.
