A first impression

In Piazzale Loreto, on the third floor of an elegant 1960s building with concierge and well-maintained common parts, we offer for sale a bright apartment of about 130 square meters. The dwelling is distinguished by the presence of three entrances, including a master one with a direct elevator inside the apartment, a rare feature that ensures privacy and great flexibility in the use of space. The entrance leads to a large double living room, very bright, overlooking a pleasant cityscape and access to a generous balcony that further enhances the living area.

Next to it is a semi-habitable kitchen, also connected to one of the secondary entrances. The internal distribution continues with an additional room that can be used as a study or bedroom with private bathroom, as well as two comfortable bedrooms and a large master bathroom. The apartment also has an additional separate entrance, which provides greater flexibility in the use of space.

Thanks to the rational distribution of the rooms and the absence of structural constraints, the apartment easily lends itself to a customized renovation and is ideal both for families needing three bedrooms and three bathrooms, and for professional use or study, taking advantage of the different independent entrances. A cellar completes the property and there is the possibility of purchasing a large car garage with a separate request.

The property is located in Piazzale Loreto, one of the most well-known and strategic squares in Milan, inserted in a lively and dynamic context, full of stores, restaurants, bars, offices and services, as well as numerous sports facilities. The area is also among the best served in the city in terms of connections: the Loreto stop of the MM1 (red) and MM2 (green) lines makes it possible to move quickly to all the main areas of Milan.

The entire area will also undergo a significant urban transformation thanks to the LOC - Loreto Open Community project, intended to make the square one of the most modern and attractive new urban poles in the city.

Please feel free to contact us for more information and to schedule a visit.
