A first impression

Nestled in the tranquility of the hills of Monferrato, which surround Valenza, a few minutes from the city center, we offer for sale a beautiful detached villa on four sides, arranged on two levels and surrounded by a large private garden of about 2,500 square meters.

Designed and built by a well-known architectural firm in Milan, the property stands out for its architectural elegance and state-of-the-art technological equipment. The property is divided into two cadastral independent housing units, each of more than 150 square meters, an ideal solution for two households or for those who wish to combine their residence with a professional studio or a private annex.

Inside, the villa offers a high level of living comfort thanks to a domotic electrical system that allows intelligent management of the rooms, a controlled mechanical ventilation system that ensures constant air exchange, and the presence of underfloor heating, adjustable room by room through dedicated controllers and sensors. There are two kitchens, a practical laundry room and a convenient pantry.

There is also an internal alarm system, with provision for an external perimeter alarm and the installation of a video surveillance system.

Externally, the property boasts a double driveway entrance, a convenient car garage and full provision for automatic garden irrigation, with sumps already installed. An exterior completion project has also already been developed that includes the construction of an in-ground swimming pool, offering further possibilities for the enhancement of outdoor spaces.

The location is perfect for those seeking privacy and tranquility without sacrificing

proximity to services. Only 3 km away is the prestigious La Serra Golf Club, in Strada Astigliano, while the urban center of Valenza can be easily reached in a few minutes.

An exclusive residence, ideal for those who want to live in a private setting, surrounded by greenery and with the highest standards of comfort, technology and safety.
