## A first impression

In one of the most charming and central areas of Milan, a few steps from the iconic Colonne di San Lorenzo and Porta Ticinese, we offer for sale a spacious loft of 118 sqm, in excellent condition and ready to be lived in. An ideal solution for those who want a home with authentic character, perfectly placed in one of the most lively and sought-after neighborhoods of the city.

The property stands out for its exposed brick ceilings, which give a charming and evocative atmosphere, and for the fluid and functional layout of the spaces. It is spread over a large and well-organized area, consisting of: entrance hall that introduces to a large open space, which is the heart of the house and harmoniously accommodates the living and sleeping areas, ideal for both daily life and for receiving guests; a spacious and bright eat-in kitchen; two conveniently sized storage rooms versatile for different uses and a bathroom with a shower stall.

Despite being on the basement floor, the loft enjoys excellent brightness, thanks to numerous openings and light finishes that enhance the light, giving a feeling of comfort and well-being. Heating and air conditioning systems ensure a pleasant environment in every season.

Versatility is one of the strengths of this property: perfect as a private residence for singles or couples, but also as a showroom, professional studio or representative office for architects, designers, consultants or lawyers.

Thanks to its ample square footage and flexible distribution, the loft also allows the creation of an additional room to be used as a separate bedroom, study or hobby area, always maintaining an excellent perception of space and brightness.

In addition, the property is also perfectly suited as an income investment, thanks to the high demand for housing solutions in the area. Currently, the apartment records an average occupancy rate of 70 percent and an annual income of about 60,000 euros, confirming the property's excellent potential profitability.

Located at Via Molino delle Armi 13, the property is in a strategic location, served by all major means of transportation (M2 Sant'Ambrogio metro, M3 Missori, M4 Santa Sofia, streetcars and buses) and immersed in a historic, authentic and service-rich context. In the immediate vicinity are boutiques, restaurants, bars, supermarkets, gyms and pharmacies, as well as the charming streets of the Navigli and Milan's historic center. A unique opportunity to experience the charm of Milan in an environment with an unmistakable style, where comfort and location meet in perfect balance.
