A first impression

In the green countryside of Milan, on the border with the province of Pavia, we offer for sale an interesting commercial complex recently renovated, consisting of two independent real estate units and a large private parking area of about 1,500 square meters, accessible by electric gate.

The main property is on two levels and is currently leased to an established restaurant business, with a stable lease and an attractive yield. On the ground floor are the entrance hall with reception and bar counter, two elegantly finished rooms, a bathroom for people with disabilities and a heated and air-conditioned outdoor de hors. In the same area are the professional kitchen and service rooms with cold rooms. A staircase leads to the second floor, where there is a large hall with exposed wooden beams, an extremely versatile environment suitable for corporate dinners, aperitifs, private events and family celebrations.

The basement floor is used for storage and technical rooms.

To the rear of the main building is a second building unit, now used for storage, equipped with cold rooms, two bathrooms and changing rooms for staff. The entire structure is in perfect state of preservation, having been fully renovated about six months ago with quality materials and attention to architectural details.

The complex presents itself as a solid and valuable investment, with a rent of € 1,800.00 monthly for the first two years and € 2,000.00 monthly from the third year, plus ISTAT adjustments by law. The property combines elegance and functionality, representing a unique opportunity for those wishing to purchase a valuable commercial property, already with income, in a strategic location just minutes from Milan and Pavia.
