All about the location

Via dei Rospigliosi is located in the northwest area of Milan, in the San Siro district (City Hall 7). It is an area under transformation, part of a large urban regeneration project involving the former Trotting Hippodrome and surrounding spaces. This area offers a perfect balance between privacy and convenience: all the main neighborhood services are within walking distance, including schools, supermarkets, pharmacies and nearby businesses. The excellent connection with public transport, thanks to the proximity of the M5 subway (San Siro Ippodromo stop), guarantees quick access to the city center and the main urban routes.

The neighborhood is also particularly appreciated for the presence of large green spaces and the residential atmosphere, ideal for families, professionals and those looking for a superior quality of life without giving up the connection to the beating heart of Milan. The presence of high-quality real estate projects and the development of urban infrastructure make this area not only a strategic housing choice, but also a valuable investment in the medium to long term.
