We are pleased to present the sale of this beautiful property located literally at the gates of Milan!

An unmissable opportunity for those looking for independence, comfort, style and practicality in one living solution.

In a quiet location on the outskirts of Milan and at the beginning of the municipality of Novate Milanese, just 10 minutes walk from the M3 (yellow line) Comasina, we propose a detached single-family villa, arranged on two levels, with large private garden and large versatile interior spaces. The villa is completely renovated and looks like this: on the ground floor we find the main living area consisting of a bright open space living with open kitchen, ideal for convivial moments, two large bedrooms, both well lit and comfortable, windowed bathroom with large modern shower stall, a study room or walk-in closet, also perfect as a space for smart working. While in the basement, currently in a rustic state, we find an extremely versatile area: it could become a car garage of about 50 sqm with a height of 2.50 m, also suitable for large vehicles, or a space that can be customized as a cellar, laundry, tavern or hobby room.

Externally, the villa is surrounded by a private garden on 3 sides, perfect for relaxing during spring and summer afternoons, hosting friends or creating a barbecue area, while the fourth side is used for parking with availability of 2/3 cars.

This solution is ideal for those seeking independence, tranquility and comfort, while remaining just a few minutes from Milan and the main services.
