A first impression

In the heart of one of Milan's most refined and coveted residential neighborhoods, a very short distance from the Arco della Pace and the prestigious Corso Sempione axis, we propose an exclusive residence arranged on two levels, penthouse and super-attic, of absolute value.

The dwelling covers about 400 square meters of interior space, enriched by 70 square meters of panoramic terraces that give an open and suggestive view of the urban profile of the city, between glimpses of sky and contemporary architecture.

The interiors stand out for their spaciousness, brightness and versatility: in their current state they house three generously sized bedrooms and five bathrooms, with the possibility of obtaining up to two additional rooms and customizing the distribution of space according to one's living needs.

The property has double entrances, two living areas and two kitchens, solutions that elevate the level of comfort and also make the property ideal for flexible space management.

Relevant cellars, a double garage and a single garage complete the residence. Heating is autonomous, with a dedicated boiler for each floor, guaranteeing maximum autonomy and energy efficiency.

The building is surrounded by a well-kept condominium garden, which ensures privacy, quietness and an elegant context, making this proposal a rare and absolute value housing solution in the center of Milan.

Concierge services, video surveillance and video intercom complete an excellent real estate offering.
