A first impression

On Via Madonna in Bollate (MI), in a quiet and secluded neighborhood of single-family homes and small apartment buildings, Von Poll Real Estate is offering for sale a detached multi-family villa, in need of partial renovation, ideal for those who wish to live surrounded by nature without sacrificing the convenience of local amenities and proximity to Milan.

With a total area of approximately 1,000 square meters spread over multiple levels and surrounded by a landscaped garden of about 2,000 square meters, this property combines space, versatility, privacy, and freedom. The outdoor space is perfect for creating a swimming pool, a relaxation area, or a playground for children.

The bright and customizable rooms are perfectly suited for multiple households or large families who wish to combine living and working in the same place.

On the ground floor, a spacious loggia overlooking the greenery leads to the main entrance, which opens onto a study area and workspaces totaling approximately 100 square meters, a laundry room, restrooms, and an 80-square-meter garage with independent access and capacity for up to six cars.

The first floor houses two independent living units:

- the first with a double living room, a kitchen with dining area, two terraces, a balcony, three bedrooms, and two bathrooms;
- the second with a living room, a kitchen with a small dining area, two bedrooms, a small terrace, and two bathrooms.

In the basement, a workshop of approximately 250 square meters completes the property, ideal for artisans, professionals, or creative entrepreneurs who wish to combine home and work in a single space. Finally, an attic of approximately 120 square meters offers further possibilities for customization: perfect as a studio, hobby area, or new living space.

Thanks to its multi-family structure and generous floor space, the villa lends itself to a variety of uses:

- a home for large families or multiple households;
- a home combined with a workshop or studio;
- a charming residence, B&B, or lodging facility;
- or as an investment for those wishing to develop a renovation project by creating various housing options.

The area offers a relaxed and family-friendly atmosphere, with schools, shops, a train station, bus stops, and bike paths just minutes away—perfect for those seeking a balance between quality of life and everyday convenience.

A villa with rare potential, where every space holds a new possibility.

Some images have been enhanced using artificial intelligence, with furnishings added purely for illustrative and exemplary purposes, to depict a possible layout for the spaces.
