A first impression

An uninterrupted blue horizon between sea and sky: this villa for Private Sale - Bespoke Private Market makes its beachfront location with direct access to the beach one of its main strengths.

The design of the villa stems from the most modern concepts of eco-sustainable biophilic design: the interior spaces blend in full continuity with the more than 1,500 square meters of Mediterranean garden, where large terraces and verandas overlook the sea and its sunsets. The basic design of this villa under construction, and therefore fully customizable, provides for an interior living area of about 350 square meters, with a customizable configuration.

LIFE STYLE.

This Villa for Private Sale - Bespoke private market is part of a Gated Community of excellence: a context dedicated to lovers of privacy, peace and tranquility equipped with every service and convenience. Ideal for those seeking total privacy, given by the dense Mediterranean nature that sinuously embraces the lot.

The prestigious context, a very select neighborhood and the genuine and family atmosphere create the ideal habitat of good living, perfect for those seeking the best for their family and their affections, to be lived not only in summer but all year round.
