A first impression

In the heart of the Cenisio district, in one of the most interesting and constantly evolving areas of Milan, we propose an apartment inserted in a strategic and perfectly connected context, just a few steps from the M5 subway line (Cenisio stop) and in close proximity to Porta Nuova, Monumentale, the Arch of Peace and Sempione Park. The area offers an ideal balance between privacy and urban vibrancy, with easily accessible services, schools, stores and green spaces, further enhanced by the future development of Scalo Farini.

The property is located within an elegant, well-preserved period building with elevator and half-day concierge service. Located on the first noble floor, the apartment enjoys a quiet view of Via Govone, characterized by century-old trees that provide privacy and a pleasant living quality, with two windows and a French door leading to the balcony.

The neighborhood is well served and full of commercial activities and basic services, as well as numerous stores of all kinds, supermarkets, restaurants and clubs that contribute to making the area lively and functional at all times of the day.

The home, recently renovated with care, presents a functional distribution of space. The entrance opens onto a hallway that leads to the living area, where we find a large living room with open kitchen, bright and welcoming. The bathroom, equipped with forced aspiration and large shower, is designed to offer comfort and practicality. The sleeping area is developed through a passage space ideal for custom-made closets, enhanced by the internal heights of 3.20 meters, which allow the best use of volumes, up to the bedroom.

Behind the block is the historic Villa Simonetta, a recognized music and cultural center. In addition, the area is involved in the Cenisio-Brera transformation project, which will lead to the creation of the Parco delle Arti (Arts Park) and the new Arts Campus, home of the Brera Academy, with new pedestrian paths and green spaces near the property, helping to make the neighborhood even more attractive and modern.

An ideal solution for those who are looking for an elegant home, well connected and inserted in a context in strong enhancement: do not miss this opportunity ready to live and take advantage of the Bonus mobili facilitation!
