A first impression

In Turin, in the heart of the prestigious Crocetta and in one of the most elegant and sought-after residential contexts of Turin, we offer for sale on the top floor a refined penthouse with splendid terrace recently renovated with high-level finishes, located in the elegant Corso Alcide De Gasperi.

The property stands out for its brightness, quality of space and charming open views, with suggestive views of the Mole Antonelliana and the Alpine Arch.

The entrance leads to a large living room embellished with large windows that enhance access to the terrace, an outdoor space ideal for moments of relaxation, reading or conviviality outdoors overlooking the rooftops of the city.

The kitchen, open but with its own habitability although communicating with the living room, is bright and is equipped with a compartment that can be used as a storage room where the washing machine is located.

The sleeping area consists of two generous bedrooms: the first equipped with an exclusive bathroom, the second with a walk-in closet. Both have French windows overlooking the interior balcony with views of the Alpine Arch.

Finishing the floor is the modern bathroom accessorized with sink, toilet and walk-in shower.

The apartment enjoys bi-color Pvc triple-glazed window frames, features solid wood parquet flooring throughout, custom-made closets and refined interior design details.

Air conditioning, independent heating and alarm system complete the property.

The building, recently upgraded in the facades and roofing, retains the architectural merit typical of the Crocetta, a neighborhood symbolic of Turin elegance, characterized by period buildings, representative residences and high-level services.

Included in the property is a large accessory room for cellar/warehouse use, of 34 square meters versatile and functional.

The penthouse is located in a strategic position: convenient to Porta Nuova and Porta Susa station, the Polytechnic of Turin, the city center and all major services, stores and public transport.

The solution is ideal both as a prestigious residence and as an investment with interesting profitability prospects.
