A first impression

Fantastic plot of land in Cala Tuent, Escorca. This plot is located in one of the most secluded and natural bays in the Tramuntana mountains, the picturesque Cala Tuent. The approach by road from Soller or Pollensa passes through the spectacular, breathtaking Sa Calobra gorge and takes about 1 ½ hours, making Cala Tuent the most remote and difficult to reach place on the entire island. This remoteness gives the bay and therefore also this dreamlike property a special charm and an almost magical attraction for the soul, the promise of total deceleration in these fast-paced times and the maximum connectedness to the spectacular nature. Immersed in a majestic mountain panorama in the midst of which Puig Major is towering, Cala Tuent also has a special microclimate that allows an almost tropical abundance of plants and an abundance of oranges, lemons, avocados and many other fruits. In Cala Tuent, in the municipality of Escorca, you can still enjoy nature as it was before the beginning of tourism. On the own property you can camp wonderfully, by the proximity to the sea and the mountains it offers also an excellent possibility to practice water sports, as well as mountain hiking, climbing and cycling. The property is currently not buildable. Vo a breathtaking mountain panorama you will enjoy an oasis of peace and tranquility, a journey to times gone by in the heart of the UNESCO World Heritage Site Serra de Tramuntana. This is a unique chance to call a small part of this paradise your own. Take it !
