## A first impression

This exclusive project is currently being built on a large plot and offers a wonderful panoramic view. During the planning phase, the house was perfectly integrated into the gently sloping plot. The open plan living and dining area forms the centre of the house with the terrace in front and access to the pool. The adjoining kitchen completes the living area. The ground floor houses the master bedroom with dressing room, bathroom en suite and a small study. On the upper floor there are three bedrooms, each with its own bathroom. The basement offers a garage for three vehicles as well as the possibility of a wine cellar and a fitness room. There is also another bedroom and a bathroom. The technical equipment includes underfloor heating and integrated air conditioning.
