A first impression

In the picturesque landscape of Campos, in the south of Mallorca, an exclusive residential complex of just five individually designed fincas is being built. One of these is Finca Sa Figuera- named after the Mallorcan word for fig. This exceptional property combines Mediterranean architecture with modern comfort and, thanks to its elevated position, offers breathtaking views over the Migjorn landscape.

The approx. 30,000 m² plot is accessible via a 1.5 km long private driveway with two entrance gates. Surrounded by a dense olive grove and a natural stone wall, you can enjoy absolute privacy here. The garden area around the house is equipped with drip and underfloor irrigation.

The main house offers a light-flooded living, dining and kitchen area with bodega and utility room on approx. 126 m² as well as four bedrooms with en suite bathrooms. Further highlights are the separate guest house, a garage with a large storage room and the six terraces with an area of around 226 m².

The modern pool house with approx. 108 m² houses a sauna, a gym area, an outdoor kitchen and a 20-meter-long swimming pool - a rarity on Mallorca. Alternatively, the fitness room can be used as another bedroom.

The finca has an electricity connection from Endesa, a 10 kW photovoltaic system with battery storage and wallbox as well as a water connection from the municipality of Campos with 50,000 liter storage tanks.

As part of a small, high-quality community, Sa Figuera offers not only security and exclusivity, but also lasting value and a unique living experience - ideal for living, relaxing or investing.

All about the location

Campos, a charming town in the southeast of Mallorca, combines traditional island flair with modern infrastructure. Only around 30 minutes from the airport and the island's capital Palma, Campos is easily accessible and yet far away from the hustle and bustle of the tourist centers. Surrounded by extensive landscapes, olive groves and almond trees, the village conveys tranquillity and authenticity. The weekly market with regional products as well as local restaurants and cafés create a Mediterranean lifestyle.

Nearby is the paradisiacal natural beach of Es Trenc, one of the most famous and beautiful beaches in Mallorca. With its crystal-clear water and fine white sand, it stretches for several kilometers and is reminiscent of Caribbean beaches. Protected by dune landscapes, Es Trenc offers an unspoiled, picturesque backdrop and is a highlight for nature lovers and those seeking relaxation. Campos combines the proximity to this natural jewel with a first-class quality of life - ideal for all those who want to enjoy the beauty of Mallorca without having to sacrifice comfort and accessibility.
