## All about the location

Sant Elm is a picturesque fishing village on the extreme south-western tip of Mallorca, nestled between the slopes of the Tramuntana mountains and the turquoise-blue Mediterranean Sea. With only around 380 inhabitants, the village retains its original, tranquil character and is still considered an exclusive retreat away from mass tourism. Its history dates back to the 13th century, when Sant Elm was still known as "Sa Palomera". Later, the secluded coastal location was used by pirates and smugglers, as evidenced by historical traces such as the "Torre de Cala en Basset" watchtower.

The village has a fine sandy main beach with gently sloping waters, which is particularly suitable for families and offers breathtaking views of the offshore islands of Es Pantaleu and Sa Dragonera. The latter is now a protected nature park with unique flora and fauna. Hikers will find ideal starting points in Sant Elm, including to the Trappist monastery La Trapa or along the famous GR 221 dry stone route.

Despite its idyllic remoteness, Sant Elm is easily accessible: It is around 35 kilometers from Palma and around 45 kilometers from the international airport. Even the journey via the winding panoramic road from Andratx is an experience, and in the town itself, small restaurants, charming hotels and summer residences characterize the Mediterranean lifestyle.

Sant Elm combines nature, history and tranquillity with a privileged location - a place that retains its authenticity while offering an exceptional quality of life.
