A first impression

This unique finca is located in the picturesque countryside of south-east Mallorca, near Porreres, and is ideal for nature lovers and wine enthusiasts. Built in 2013, the property impressively combines luxury and environmentally conscious sustainability.

On a generous plot of around 16,222 m², there is a carefully landscaped Mediterranean garden and a vineyard with Chardonnay and Shiraz vines. Olive, fig, lemon and orange trees complete the idyllic picture, which is at the heart of an authentic lifestyle.

The property is completely energy self-sufficient: a highly efficient solar system with battery storage, supported by wind power and an emergency generator, ensures a reliable energy supply. Two wells and cisterns with modern water treatment ensure an independent water supply.

The house has an elegant U-shaped architecture and blends seamlessly into its surroundings. Spread over one floor, a living space of around 355 m² offers generous living space. The right wing contains the private living area with the master bedroom, en-suite bathroom, office or optional bedroom, as well as two further guest bedrooms, each with its own bathroom.

The left wing features an airy living area with a high-quality open kitchen and an inviting dining area. High ceilings and large windows create a bright ambience that leads to the covered terrace.

Further highlights include a private wine cellar, a large pool area with its own pool house and barbecue area as well as an adjoining garage. The carefully landscaped garden combines ornamental and useful plants and creates a harmonious atmosphere.

Modern amenities such as underfloor heating, air conditioning and well thought-out room solutions add to the comfort and emphasize the stylish rural flair of the property. This finca offers a unique opportunity to combine exclusive living comfort with a sustainable lifestyle in Mallorca.
