## **A first impression**

In one of Palma's most sought-after locations, in the charming El Molinar district, a luxurious residential complex is being built with 21 exclusive homes that blend harmoniously into the Mediterranean surroundings thanks to their clear architecture and the use of the finest materials. The color scheme of white, warm wood tones and natural stone reflects the island's typical character and lends the complex a timeless elegance that blends seamlessly into the flair of this unique coastal resort. Just a few steps from the sea, an incomparable lifestyle unfolds here, characterized by the gentle sea breeze, the authentic charm of the historic fishing district and the creative atmosphere that has always inspired artists, writers and free spirits.

The houses extend over two levels and also offer a Mediterranean garden and a roof terrace with breathtaking views of the Mediterranean. High-quality natural stone floors lend the interiors a cool elegance, while custom-made fitted wardrobes in natural oak add a warm yet timeless touch. Each home comprises three double bedrooms, three stylish bathrooms and a separate guest WC. This unit has its own patio with private pool, garden and direct access to the garage, guaranteeing privacy and comfort at the highest level. A roof terrace of approx. 62 m<sup>2</sup> creates additional moments of outdoor enjoyment.

Completion of the development is scheduled for the second quarter of 2027. Until then, the architectural renderings already give an impression of the exceptional quality and sophisticated design.

This project combines Mediterranean lightness with modern luxury - an exceptional home in one of Mallorca's most valuable locations.

## All about the location

El Molinar, a former fishing and artisan quarter on the eastern outskirts of Palma, has developed into one of Mallorca's most sought-after residential areas in recent years. With around 9,000 inhabitants, this charming coastal town combines the maritime flair of a traditional harbor district with the urban comfort of the nearby island capital. The waterfront promenade with its small sandy coves, colorful fishermen's houses and excellent restaurants gives Molinar an unmistakable character that is both authentic and modern. The history of the district dates back to the 19th century, when numerous windmills stood here, giving the place its name, and the original charm can still be felt today. The location could hardly be more ideal. Palma is just a few minutes away, the international airport can be reached in less than 10 kilometers and there are direct links along the coast to Can Pastilla, Portixol and Playa de Palma. The neighborhood has a quiet, family-friendly atmosphere, while the vibrant old town of Palma, with its cultural offerings, exclusive boutiques and international schools, is just a short distance away. For sports and leisure enthusiasts, Molinar offers a wide range of possibilities. Sailing, surfing, stand-up paddling or simply a stroll along the kilometer-long beach promenade are part of everyday life. Cyclists and joggers appreciate the direct connection to the historic center of Palma, while golfers enjoy the proximity to first-class courses such as Golf Son Vida, Golf Puntiró or Golf Maioris. The beaches on the doorstep invite you to spend relaxing days by the sea, and numerous beach clubs and restaurants ensure Mediterranean joie de vivre at the highest level. Molinar is therefore not just a place to live, but a way of life - a perfect symbiosis of Mallorcan tradition, urban lifestyle and exclusive coastal location, making it one of the most sought-after locations for a stylish home on the island.
