A first impression

This exclusive finca property in the sought-after Ibiza style is situated in a quiet, privileged location near the picturesque village of Sineu and offers incomparable panoramic views over the rolling hills of Mallorca. Embedded in a spacious plot of approx. 15,046 m² and surrounded by only a few neighbors, this property combines maximum privacy with a Mediterranean lifestyle at an upscale level.

The lovingly landscaped outdoor area presents itself as a park-like garden landscape with a variety of exotic plants and mature fruit trees, including orange, lemon, fig, almond, grapefruit and persimmon trees. Generous open spaces, a sophisticated irrigation system and the harmoniously integrated pool area measuring 10 x 5 meters create an oasis of peace and relaxation. A special highlight is the 60 m² covered veranda, which offers spectacular views at any time of year and provides the perfect setting for relaxing hours or sociable evenings.

Inside, the ground-floor living space impresses with a modern, open-plan room concept with generous, floor-to-ceiling window fronts that create a light-flooded ambience and elegantly connect the indoor and outdoor areas. The property was extensively refurbished in 2019 to German quality standards and is in as-new condition. The heart of the house is the high-quality, open-plan Nolte kitchen with adjoining dining area, which is framed by two atmospheric terraces. The spacious living area with integrated workspace and a stylish soapstone fireplace lend the room a warm, inviting atmosphere.

Three generously proportioned bedrooms with fitted wardrobes and plenty of natural light offer a high level of living comfort. This offer is complemented by three modern bathrooms with barrier-free, walk-in showers, one of which is en suite.

A separate apartment with approx. 40 m² of living space is available for guests or for flexible use, with its own entrance and private terrace. It comprises a bedroom, a living and kitchen area with sofa bed, a high-quality wood-burning stove, air conditioning for warm and cool temperatures and a brightly designed bathroom and is also ideal for renting out.

The offer is rounded off by a spacious garage with approx. 35 m² and an integrated workshop area as well as a functional utility and technical room with access from three sides. The property's own well, which is around 185 meters deep, ensures an independent water supply, while the property is connected to the public electricity grid. Air conditioning, underfloor heating, electric wall heating and high-quality wood-burning stoves ensure a pleasant living climate all year round.

Modern amenities such as an automatic irrigation system, security and video surveillance, internet, satellite TV and a water treatment system - also for drinking water - underline the high standard of this exceptional property.

This property combines stylish architecture, high-quality technology and a fantastic location to create a unique retreat and meets the highest standards of comfortable living in a

Mediterranean setting.
