All about the location

Despite its quiet, natural location, the finca is very well connected. The town of Sóller can be easily reached on foot, and thanks to the toll-free tunnel, Palma is only around half an hour away by car. The airport is also easily accessible.

The historic transport system is particularly characteristic of the region: the traditional train that connects Palma with Sóller, as well as the famous wooden streetcar that continues to the port, characterize the charm of the area and at the same time offer an extraordinary way of getting around.

The town itself has all the facilities for daily needs - from food markets and small boutiques to medical care and sports facilities. The port of Sóller, the Son Termens golf club and numerous hiking trails, including the well-known GR-221, are all within easy reach, making the location ideal for active vacationers. The finca thus combines secluded tranquillity with optimal accessibility and an excellent infrastructure.
