A first impression

Sky-ground mansion. In the most authentic heart of Verona, in a central but reserved and quiet location, we offer an entire period mansion dating back to the Napoleonic period, independent, restored, inhabited and distributed on four above-ground levels plus a basement, with a total area of 530 sq. m.

The building retains intact the charm of the historic residence, with an important wooden front door, windows also made of wood, and architectural details of great character. The facade has been painted and the roof is in good state of preservation. An element of great strategic value is the absence of artistic or historical restrictions.

The property is served by an internal elevator that conveniently connects all levels, with a spacious, elegant and highly functional distribution of space.

On the ground floor opens a spacious entrance; a triple garage and a technical room complete the level.

On the first floor there is a first living area with an entrance hall, living area, two bedrooms, two bathrooms and a storage room.

On the second floor, of particular representation, we find a living room with fireplace, TV area, dining room, large kitchen, a balcony, windowed bathroom and pantry; all embellished with coffered ceiling and Venetian floor.

On the third floor is the main sleeping area, consisting of master bedroom with private bathroom, two more bedrooms and an additional bathroom.

In the basement tavern and laundry area.
