A first impression

This newly built villa, with a dominant lake view, comes from a project with attention to every detail according to high quality standards, where aesthetics, comfort and livability dialogue in a natural and elegant way.

Set in an exclusive context, the property is surrounded by a private garden that guarantees absolute privacy and creates a harmonious continuity between indoor and outdoor spaces. The infinity pool, perfectly integrated, becomes the scenic centerpiece of the villa, further enhancing the open view of the lake.

The house is developed on several levels.

On the ground floor is a well-distributed sleeping area, consisting of two bedrooms each with private bathroom, as well as a master room with en suite bathroom and walk-in closet. Completing the floor is a large and bright living area, designed to experience the space in a fluid way, with direct access to the lake-view terrace.

The basement has been conceived as an environment dedicated to relaxation and entertainment. Here we find a second living area directly overlooking the pool, a guest room, a spa, a refined wine room, as well as laundry and technical rooms serving the property.

The property is in a state of progress with estimated completion time in about 3-4 months, thus offering the possibility to customize the last details according to one's taste.

Already included in the price are valuable elements, including planed wood floors, complete heated swimming pool equipped with shutter and custom-made kitchen. A solution designed for those who want a modern villa with lake views, fine finishes and the possibility to live it in a short time, without compromises.
