A first impression

This charming semi-detached house in Berlin-Karow with a living space of approx. 108 m² and a spacious plot of 735 m² offers an ideal home for families or multi-generational households. The spacious garden area opens up numerous possibilities for individual design, whether as a play paradise for children or as a retreat for relaxing hours outdoors.

The house has a total of five well-designed rooms. Three cozy bedrooms, two spacious living rooms and a separate dining room create a homely ambience with plenty of space for spending time together and personal retreats. The kitchen is impressively spacious and offers plenty of room for culinary development. A guest WC on the first floor and a bathroom on the upper floor provide additional comfort in everyday life.

A defining feature of the property is the extension from the 1970s, which has significantly expanded the floor plan and today makes a major contribution to the open room structure. The original building dates back to 1938 and was partially modernized in 1998. Among other things, new dormers were installed, the floor plan in the attic was revised and modern floor coverings were laid, giving the upper part of the house a contemporary appearance without losing its original character.

The spacious terrace at the rear of the house is particularly noteworthy. Whether enjoying breakfast in the morning sun or dinner in the open air, you can enjoy relaxing moments outdoors here. In addition to the living space, the cellar offers practical storage space. A separate garage on the rear plot functionally rounds off the offer.

Although the property is in need of partial renovation, it offers numerous opportunities to create a cozy, individual home with manageable effort. For creative and committed buyers, this is an opportunity to realize their own ideas and breathe new life into the special character of the house. With a little craftsmanship and attention to detail, a very personal home can be created here. Comfortable, individual and with lots of potential.
