A first impression

This exclusive and generously proportioned maisonette apartment, with a total area of 183 m², presents itself as an exceptional home for those who value modern design, tranquility, and the highest level of living comfort. The living space is spread over two levels, and its clean lines, floor-to-ceiling windows, and open-plan layout create a harmonious yet sophisticated ambiance. Upon entering the apartment, the warm, dark hardwood flooring immediately catches the eye. Extending throughout all living areas, it, along with the underfloor heating, provides a particularly pleasant living experience. The expansive living and dining area on the lower level is perfectly showcased by large windows and offers a calming view of the surrounding greenery. The open-plan design allows for ample furniture arrangement, while natural light ensures the rooms are pleasantly bright at any time of day. The adjacent kitchen boasts a modern and timeless design. High-quality built-in appliances, elegant white cabinetry, and a contrasting dark countertop create a successful combination of functionality and style. Plenty of storage space, clean lines, and a serene aesthetic blend harmoniously into the overall design of the apartment. A wide staircase leads to the upper floor, where the two bedrooms are located. Both rooms are generously sized, feature large windows, and offer direct access to the balcony, which spans the entire width of the room. This creates a wonderful additional outdoor space, ideal for relaxing – whether enjoying a morning coffee or a glass of wine in the evening. The master bathroom impresses with its high-quality fixtures and elegant, warm sandstone tiles. A large bathtub, a separate, walk-in shower, and a stylish double vanity create an atmosphere reminiscent of a hotel spa. The second bathroom is also finished to a high standard and perfectly complements the overall layout – ideal for guests or as a separate private retreat. A particular highlight of this property is access to the private wellness area, available to all residents. A fully equipped gym with modern equipment, a free weights area, and cardio stations allows for professional-level training right in the building. This is complemented by a well-maintained indoor pool, perfect for both relaxation and exercise – a luxury that has become rare in urban residential complexes. This maisonette apartment combines a spacious layout, abundant natural light, high-quality materials, and exclusive communal amenities to create a unique living concept. The combination of privacy, modern comfort, and the added convenience of a fitness center and swimming pool makes this property a special opportunity for discerning buyers seeking a stylish and high-quality home.
