A first impression

This spacious home combines a well-designed layout, modern amenities, and a natural setting. With approximately 260 m² of living space spread over three levels and a plot of around 660 m², the property offers ample room for family, guests, or even working from home. The house has been extensively modernized in recent years and is in excellent condition. The floor plan comprises a total of 10 rooms, including 6 bedrooms with versatile usage options. Three bathrooms—one for each apartment—ensure comfort and functionality in everyday life. A real bonus is the self-contained apartment, ideal as a guest suite, home office, or separate living unit. Two fully equipped fitted kitchens provide excellent facilities for those who enjoy cooking—or want to organize cooking on two levels. Adding another kitchen on the upper floor is also easily possible, as the necessary connections are already in place. The outdoor areas are equally impressive: a large terrace and a spacious roof terrace on the upper floor extend the living space into the surrounding greenery with stunning panoramic views. The terrace is equipped with a large awning and invites you to linger outdoors. The well-maintained garden, complete with a greenhouse and outdoor fireplace, offers ample space for gardening enthusiasts and relaxing hours surrounded by nature. The attic/upper floor was converted and insulated back in 1990. The house also boasts impressive technical features. The heating system was modernized in 2007, and the burner was replaced in 2025. A solar thermal system from 2008 with a large hot water storage tank provides environmentally friendly hot water production. High-quality security windows and an alarm system enhance security and contribute to the property's long-term value. An integrated sauna in the basement, on the same level as our separate apartment, offers additional relaxation. A large garage provides space for vehicles or a workshop. An electric garage door is already installed. The quiet location on the edge of the fields promises privacy and tranquility, while still offering convenient access to the town center and all essential amenities. In short: A thoughtfully designed, impeccably maintained house with numerous extras, ideal for families or multi-generational living. See for yourself during a viewing – this house will impress you!
